

Pulp & Paper Industry

Wood Yard

EQUIPMENT	PRODUCTS
<p>HANDLING EQUIPMENTS Lubrication of motors Transmissions and Hydraulic systems</p>	<p>SF-310 Range of Hydraulic Fluids VG GRADES 32 TO 220</p>
<p>CONVEYORS / BEARINGS Presence of water, dust, chocs</p>	<p>SG-440 WATER RESISTANT GREASE Reduced consumption due to outstanding water resistance properties Excellent anti-corrosion properties</p>
<p>CHAINS / OPEN GEARS Humid environment, choc, dust, high load, low speed</p>	<p>SG-390 HIGH LOAD WATER RESISTANT GREASE Reduced wear and consumption by improved adhesivity SF-600 SYNTHETIC HT CHAIN OIL</p>
<p>CLOSED GEAR BOXES Humid environment, dust, high load</p>	<p>SF-620 HV SYNTHETIC GEAR OIL WITH MOLY</p>

Pulp Mill

AGITATORS / GEARS Blending units Gear lubricants Pumps, screens, refiners	SF-400 SHC SYNTHETIC GEAR OILS Extended lifetime through high anti-wear and anti- corrosion properties
---	--

Finishing Section

COATED MACHINE Shafts and wide gears	SG-500 SYNTHETIC ULTRA HT GREASE Reduced grease consumption and reduced bearing failures
SUPER CALANDER Circulation oils	SF-310 SYNTHETIC HYDRAULIC FLUIDS

Paper Machine

Wet section – Press section – Dry section

Circulation Oils	SF-310 SYNTHETIC HYDRAULIC FLUIDS
Hydraulic Oil	SF-310 SYNTHETIC HYDRAULIC FLUIDS
Grease for wet section	SG-440 HEAVY DUTY WATER RESISTANT GREASE
Greases for dry section	SG-350 EP MOLY GREASE FOR MOTORS
